RABIA NAZ

AI-ASSISTED FRONTEND DEVELOPER | WEB APPLICATIONS & CONTENT AUTOMATION

Lahore / Faisalabad, Pakistan | 0301-1231864 | rabianaz864@gmail.com
LinkedIn: rabia-naz-01263b339 | GitHub: Web864

PROFESSIONAL PROFILE

Frontend developer with hands-on experience building responsive React interfaces, translating Figma/mockups into functional pages, integrating APIs, and debugging web applications. Uses AI-assisted development workflows with Claude Pro and OpenAI Codex to support implementation, code review, troubleshooting, and iteration while personally validating code and functionality. Building Contnvra, an AI-powered social media content automation platform covering content planning, production workflows, approval, scheduled publishing, and performance analysis. Technical interests include React/Next.js, TypeScript, Supabase, PostgreSQL, Prisma, and practical AI-enabled products.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, responsive UI, Figma-to-code

Backend & data: API integration, Supabase, PostgreSQL, Prisma, PHP, MySQL

Auth & application features: Supabase Auth, Google OAuth, PKCE, email verification, Row Level Security (RLS), Progressive Web Apps (PWA), Service Workers, Capacitor

AI-assisted workflow: Claude Pro, OpenAI Codex, AI-supported implementation, debugging, code review, iterative problem-solving, human validation

Tools & delivery: Git, GitHub, Vercel, cross-browser testing, usability and performance troubleshooting

SELECTED PROJECTS

Contnvra — AI-Powered Social Media Content Automation Platform | *In development*

- Developing a workflow concept for businesses to configure brand details, content categories, language, tone, templates, and posting rules.
- Planning AI-assisted content calendars, topics, scripts, and campaign ideas grounded in approved business information.
- Designing a production-to-publishing workflow for video, voiceover, subtitles, animations, promotional creatives, and graphic posts.
- Building in quality review and approval, scheduled publishing to supported social platforms, and performance insights to inform future content.

NutriAI — AI-Powered Nutrition & Fitness Web + Mobile App

- Built a responsive web/mobile app concept with AI-powered features and personalized user workflows.
- Implemented Supabase authentication and user data flows, including Google OAuth, PKCE, email verification, PostgreSQL, and RLS.

ProspectAI — Prospecting Web App, Admin Dashboard & Chrome Extension

- Built a prospecting-platform concept spanning a web app, admin dashboard, and Chrome extension.
- Connected React/Next.js UI flows with API routes, PostgreSQL, and Prisma.

PROFESSIONAL EXPERIENCE

Frontend Developer — Career Institute | ***Jan 2026 – Present***

- Build responsive, mobile-first interfaces using HTML, CSS, Tailwind CSS, and JavaScript.
- Translate Figma designs and mockups into functional web pages.
- Debug frontend issues and improve usability, browser compatibility, and performance.

WordPress Intern — GAO Tek Inc. | ***3 months***

- Customized WordPress themes and plugins and maintained pages, posts, and website content.

Web Development Intern — Technotch | ***3 months***

- Built data-driven pages using HTML, CSS, PHP, and MySQL, with exposure to deployment workflows.

IT Coordinator — The Logic School System, Khurrianwala | ***Dec 2022 – Aug 2025***

- Supported IT operations, system configuration, hardware/software troubleshooting, and technical documentation.

EDUCATION

- BSCS — Government College University Faisalabad | 2022–2024
- ADA — Government College University Faisalabad | 2020–2022
- FSc — BISE Faisalabad | 2018–2020
- Matric in Science — BISE Faisalabad | 2016–2018

WORKING APPROACH

AI-guided implementation for unfamiliar tasks, followed by personal integration, testing, debugging, and validation. Focused on practical, maintainable interfaces and reliable user workflows.
